Funeral Service Education

Build your business and support staff in becoming licensed funeral professionals with our three Funeral Service Education programs.

The majority of our instructor-led, interactive courses are offered online. Staff can live and work in their home community while completing their studies.

Full- or part-time studies are available, with programs starting in September and January. Our certificate programs are eligible for the Canada Job Grant.

The Canadian Legacy Project was created because many of our Canadian Veterans are living in poverty and do not have the basic necessities in food, clothing and shelter.

The Canadian Legacy Project is designed to support veterans and develop programs and events to help improve their everyday lives. Too many of our Canadian Veterans are in need of financial, medical, and emotional support.

Our veterans provided Canadians with the freedoms we take advantage of everyday and it is our goal to support those veterans in need. The Canadian Legacy Project is a registered charity working throughout Canada (registration #82478 8202 RR0001) and is a 100% volunteer managed and directed. We do not have traditional expenses many non-profit groups have, which ensures that the donations made towards the Canadian Legacy Project go directly to supporting our Veterans.

Since its founding in 1918, The War Amps has grown from assisting war amputees – whom we still serve – to all amputees, including adults and children. Today, we still have much to do to ensure amputees have the artificial limbs they need to lead independent and active lives. The public's support of our Key Tag Service, which has returned more than 1.5 million sets of lost keys to their owners, funds our essential programs for amputees across Canada, such as our Child Amputee (CHAMP) Program. The War Amps does not receive government grants. In memoriam cards are also available on request.
